Company Overview

Novamove is a Saudi-registered transportation and logistics company established in 2025 in the Kingdom of Saudi Arabia. The company operates as a fully compliant, VAT-registered entity, delivering reliable, professional, and culturally aligned mobility and logistics solutions across the Kingdom.

Built to support Saudi Arabia's rapidly evolving economic landscape, Novamove serves corporate, government, and institutional clients with a clear focus on operational excellence, safety, and service integrity. The company combines modern fleet management, experienced personnel, and disciplined processes to meet the complex transportation needs of logistics, pilgrimage operations, and executive travel.

Rooted in Saudi business values and hospitality, Novamove positions itself as a long-term partner rather than a transactional service provider—committed to consistency, accountability, and sustainable growth.

Vision

“ To become a trusted national transportation and logistics partner, recognized for reliability, integrity, and service excellence across the Kingdom of Saudi Arabia. ”

Mission

“ Our mission is to deliver safe, compliant, and professionally managed transportation solutions that support our clients' operations while reflecting the values of Saudi hospitality, responsibility, and long-term partnership. ”

CEO's Message

At Novamove, we believe transportation is not simply about moving people or goods—it is about trust, responsibility, and reliability.

Since founding the company in 2025, our focus has been to build an organization that operates with discipline, transparency, and respect for the Kingdom's regulations and values. Saudi Arabia is undergoing rapid transformation, and this progress requires service providers who are dependable, compliant, and forward-thinking.

Our commitment is to our clients, our partners, and the Kingdom we serve. We will continue investing in people, systems, and processes that allow Novamove to grow responsibly while delivering consistent quality in every operation.
